

IN THE SPECIFICATION:

Please amend the specification as follows:

On page 3, following the paragraph beginning on prenumbered line 3, and prior to the paragraph beginning on prenumbered line 15, please insert the following new paragraph:

The pole (3) can be made of a strong material or a stretchable material. The pole (3) can have a resilient member located on an outer circumference. The shaft (10), the threaded nut (24), and the shell plate (21) can be made of metal or other hard material.
